## Who We Are

Friends & Vets Helping Pets (FVHP) is a national nonprofit organization established to assist families in financial hardship to pay for veterinary expenses necessary to save a pet's life. Founded in 2011, we hope to solve the problem of families being forced, unnecessarily, to euthanize a family pet solely because of cost restraints. We partner with veterinarians and pet owners to provide supplemental financial resources.

FVHP fills a unique gap in funding not typically covered by animal welfare groups. FVHP funds treatments for curable (lifesaving, not life prolonging) diseases such as tumors, ambulatory care, broken bones, expensive medication, or post-surgical prosthetics like a K-9 cart. FVHP does not fund diagnostics or preventative measures like xray, ultrasound test or MRI.
